SUMMARY: *Software developer* dedicated to building solutions with a focus on accessibility, responsiveness and also leveraging on best practices to deliver over the top user experience. I also love writing technical articles.

EXPERIENCE

Frontend Engineer — TalkAmNaija

OCT 2021 - PRESENT | Estonia (Remote)

Responsible for developing the frontend architecture of the TalkAmNaija app using Vue JS and Tailwind CSS.

Lead Instructor — Softrays Information Technology

SEPT. 2021 -PRESENT | Ilorin, Nigeria

I trained over 100 students in the organization about core programming concepts, web accessibility, building scalable web applications, building reusable components and designing beautiful user interfaces.

Software Developer — Softrays Info. Technology

JAN. 2018 - PRESENT | Ilorin, Nigeria

I orchestrated and developed the companys' web application using the MVC pattern powered by Bootstrap, EJS and Node.

I worked on a couple of projects both individually and in teams for the organizations' clients using Javascript technologies.

Responsible for creating wireframes, mockups and prototypes for products and seeing them to deployment.

PROFESSIONAL MEMBERSHIP

Data Science Nigeria — DSN/AIPlus/2020/8884

JOINED JUNE 2021 | Ilorin, Nigeria

Google Developer Club

JOINED JUNE 2020 | Ilorin, Nigeria

VOLUNTEERING

Tech Nexus — Dept. of Info. and Comm. Science

OCT 2020 | University of Ilorin, Nigeria
